

# Inquiry Question

What learning strategies are effective in helping students with a learning disability access the mathematics curriculum and demonstrate improvement in their learning?

OTTAWA-CARLETON  
DISTRICT SCHOOL BOARD

[www.ocdsb.ca](http://www.ocdsb.ca)

# Who is involved?

- central educators (Learning Support Services and Curriculum Services)
- 7 school teams (incl. principal and other members of school staff)
- provincial math facilitator

OTTAWA-CARLETON  
DISTRICT SCHOOL BOARD

[www.ocdsb.ca](http://www.ocdsb.ca)

# How will we do this?

- develop common understanding of math curriculum & the needs of the LD learner
- implementation & monitoring of strategies to support students identified with an LD in increasing their understanding of mathematics
- collection and interpretation of student work samples & observation
